Commentary:	<p>In this busy city, students need to study hard; adults always go to work... Everyone is engaged in his/her own business. Rest is ignored. Then, people feel very sad and tired. All the people think money is more important than entertainment.</p> <p>Look at the children, they are enjoying the time of playing. Maybe you will say they are naive that they don't know time is valuable.</p> <p>When I see this photo, I recall my childhood. I liked playing with my sister after school, I was happy all the time. I have jolly memories in my life.</p> <p>By the way, do you consider money is an obsession in your life? I think money is just a small part of our life. If you work all the time, you will be very tired and disgusted with life. Is just a few minute, why don't you stop your work?</p>
