Title:	Treasure te Pleasures

Caption:	Two men are staying outside the jewelries' shop for the night.		
Commentary:	<p>Two men sleeping in front of the jewelries' shop, with their belongings. These two people, they don't have their own place to go, they don't have a place to live, that's why the need to stay in front of the jewelries' shop for this night, but don't why they can sleep in the next night. Where the two men 'live' is where people will spend their 'extra' money. A jewelries' shop, sells expensive jewels for those who 'need' them, and even treat the jewels as their necessities. These are the necessities which are not important, but just a way for the spending of their extra expenses. Those people, who have their own place to go, food to eat, books to read, friends to meet, house to live, also those who are inside that shop and buying rings to beauty themselves, please do pay attention to those who are having no place to go, can't read a word, only have one meal for the whole day, no place to live, staying outside the shop. This is the problem of the wide gap between the rich and poor, which is one of the serious problems in nowadays society. At the same time, these cases are revealing how 'rich' we are. Please treasure our pleasures!</p>
